Education

Raj Rishi Bhartrihari Matsya University	*Alwar,Rajasthan*
*(Bachelor of Computer Application, **GPA : 7.23**)*	*August 2021 - September 2024*

Languages & Technologies

Languages: HTML, CSS, JavaScript
Developer Tools: Postman, Visual Studio Code
Database: MongoDB
Technologies/Frameworks: React.js, Bootstrap, Node.js, Express.js, Git, Github

Projects

Book Store Application (*link*)   *August & September 2024*
Technologies: MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Developed a full-stack web application with login and signup functionality using JWT for authentication and bcrypt.js for secure password hashing.
- Built a secure Admin Panel to manage books (add, update, delete) and view order history, with restricted access for regular users.
- Integrated features for users to add books to a cart and wishlist, accessible only after logging in or signing up.
- Designed and implemented RESTful APIs with Node.js and Express.js for handling books, orders, and user operations.
- Created a responsive front-end with React.js, and deployed the application on Netlify for easy access.

Password Generator   *March 2024*

- Developed a user-friendly password generator tool using HTML, CSS, and JavaScript, enabling users to create secure, customizable passwords.
- Implemented interactive UI elements such as checkboxes and input fields to allow users to select password criteria, including length, and inclusion of uppercase, lowercase, numbers, and symbols.
- Incorporated clipboard functionality using JavaScript to enable users to easily copy generated passwords with a single click.

Weather App   *February 2024*

- Developed a weather application using HTML, CSS, and JavaScript, demonstrating strong front-end development skills.
- Utilized a weather API (e.g., OpenWeatherMap, WeatherAPI) to fetch and display real-time weather data, enhancing user experience with up-to-date information.

Portfolio Website   *September 2024*

- Developed a responsive portfolio website using React.js to effectively showcase my skills and projects.
- Enhanced user experience with interactive components and a sleek, modern design that adapts seamlessly across devices.
- Leveraged Bootstrap to streamline the design process, ensuring a consistent and professional look throughout the website.
